

Dear Friends,

Under the SOS project we want to introduce you to 67-year-old El who comes from Yampil on the Ukrainian-Moldavian border. He struggles with serious heart issues and is in an urgent need of stent implant surgery.

The cost of the operation is 40,000 hryvnia (1300€).

He also suffers from diabetes and he needs our support and care to save his life.

That is why, we ask you for financial help and prayers for God's solution in El's difficult situation.
